I. COMPANY RESOURCES

STAFF

Most employees at Merrick-Kemper have been part of the Merrick team for many years. Everyone – in every department – makes a significant contribution to each project.

Our team's 200 years combined service and experience are available to you for estimating, purchasing, project managing, cost accounting, and design.

FACILITIES

Merrick-Kemper's dual facilities offer the following:

- Combined 52,000 square feet of shop fabrication floor with standard equipment, including:
 - a. High-Definition Plasma Auto Burning System.
 - b. Bending Roll machine.
 - c. Press Brakes.
 - d. Shears.
 - e. Variety of bending and forming equipment.
 - f. Boom Truck.
 - g. Fork Lifts.
 - h. And more...
- Warehouse with loading docks, protected by an electronic security system.
- Ability to handle large scale items with overhead cranes and fork trucks.
- Six acres of graded, graveled yard for outside storage.

FINANCIAL

Merrick-Kemper has the financial strength to execute projects in the multi-million dollar range. Bonding via Garret-Stotz Company; primary banking with Stock Yards Bank & Trust Co. of Louisville.

INDUSTRIAL SHEET METAL

Since 1902, Merrick-Kemper has been a contractor that has served Louisville, southern Indiana, and numerous Kentucky counties. We are proud of our record that supports a history of excellent workmanship and service.

Merrick-Kemper welcomes this opportunity to help serve your needs, as they relate to industrial sheet metal work, custom fabrication, ventilation, and architectural sheet metal work.
